2014	National Student Leadership Conference Attended an Engineering summer camp at a university	Northwestern University
2013–2014	Track and Field Competed in 400m and 800m events at various Texas meets	TMI - The Episcopal School of Texas
2013	Varsity Tennis Primarily played doubles	Saint Andrew's Episcopal School
2012–2013	Mississippi Science Bowl Competed in trivia with schools across the state in various science subjects	Saint Andrew's Episcopal School
2012–2013	Junior Varsity Soccer Played starting midfielder	Saint Andrew's Episcopal School

certifications

2013	Certification of Graduate-Level Course Graduated an online course titled "Malicious Software and its Underground Economy: Two Sides to Every Story." The course was about traditional and mobile security threats and the underground ecosystem that drives that illegal, yet profitable, business	Royal Holloway University of London
------	--	-------------------------------------

awards

2015	AP Scholar Received due to high achievement on multiple AP tests	TMI - The Episcopal School of Texas
2015	National Merit National Merit Commended Student	TMI - The Episcopal School of Texas
2013-2014	National Spanish Exam Earned 2 Silver awards for Spanish proficiency	TMI - The Episcopal School of Texas
2013	Erasmus Award Awarded to the student that is most driven and most excited about learning	Saint Andrew's Episcopal School

projects

2012-Now	Android Heavily involved in the Android development community <ul style="list-style-type: none">• Software<ul style="list-style-type: none">- Created ROMs for the HTC One X and OnePlus One (adb/fastboot)- Built an app to allow phone/tablet to function as a 2nd monitor for a computer- Made scripts for a phone to function as a smartwatch (WiFi, Bluetooth)- Named a Snapchat filter• Hardware<ul style="list-style-type: none">- Built an IR blaster- Created a wireless charger for HTC One X	San Antonio, Texas
2013	Simple Source Viewer Simple, easy to use app for Windows 8, RT, 8.1, and 10 to allow viewing of the source code of a webpage	San Antonio, Texas
2013	Chromecast Discovered additional tools to expand the potential of the \$35 device. Findings were published on ReadWriteWeb, XDA Developers, and other tech sites	San Antonio, Texas
2013	CygwinHere Cygwin is a Windows CMD mod to bridge CMD and a Linux Terminal. My CygwinHere registry tweak ports over the "Open in Terminal" function	San Antonio, Texas
2012-2014	ExtempEngine ExtempEngine was a Chrome App to automatically download and sort articles from news sources around the world. This allowed easy access to those sources during an extemporaneous debate round without having an internet connection	San Antonio, Texas

robotics

2014-Now

FIRST Robotics Competition

Brandeis High School

Build 120 lbs robots to compete against more than 3,000 teams from 19 countries. My team, 3481 BroncBotz, is 1 of 91 BETA teams chosen for robust design, programming skills, and performance on the field. Won multiple awards, including the Motorola Quality Award and the GM Industrial Design Award

- Team Captain
 - Selected due to skills, teamwork, and robotics knowledge
 - Ensure team performs well and does the best the team can
 - Teach newer teammates
- Head of Programming
 - Use Eclipse to program the robot using a C++/Lua hybrid
 - Test and report back to FIRST, WPI, and National Instruments regarding BETA software which includes
 - * Open-sourcing every piece of Team-developed code
 - * Ensuring all code is well commented and correctly documented
 - Teach younger teammates how to
 - * Program in C++ using Eclipse IDE
 - * Understand what the various toolchains and libraries are
 - * Flash the roboRIO
 - Run system checks to ensure robot communicates with computer and controllers prior to a match
 - Create vision systems for the robot drivers
- Head of Scouting
 - Create a system for teammates to use for statistics on other teams
 - Organize the data using spreadsheets, TableAU, and in house built programs
 - Create a "pick list" of robots to alliance with, based off quantitative and qualitative data, as well as the robots' compatibility with our own
- Team Lead in Design
 - Facilitate the design process to take all aspects of the competition tasks into consideration for the design
 - Manage the SVN repository containing the SolidWorks CAD files
- Team Lead in Build
 - Teach newer teammates to use power tools safely
 - Oversee that parts are fabricated according to the design

2013-Now

FIRST Tech Challenge

TMI - The Episcopal School of Texas

Build robots to compete against over 5,000 other teams from various countries. My team, 6221 Panther Bots Alpha, has ranked in the top 3% of teams worldwide, earning us a spot in the world championship

- Team Captain
 - Manage and organize the team's meetings and events
 - Act as a liaison between the school and the team
- Head of Programming
 - Use Java in Android Studio to program the robots
 - Teach the newer teammates how Android Studio and the ZTE Speed control system works
- Team Accomplishments
 - Featured on the FIRST Facebook page
 - Appeared on CBS
 - Recognized at city council and awarded certificate of congratulations by mayor
 - Invited to display at Austin Mini Maker Faire

speech and debate

2012-2013	Policy (CX) Debate An extremely fast paced, evidence-based debate to analyze potential federal government plans <ul style="list-style-type: none">• Qualified and competed at NCFL Nationals• Competed at colleges, including Harvard and Mississippi State• Won 2nd in state	Saint Andrew's Episcopal School
2012-2013	International Extemporaneous Prepared and delivered 7 minute speeches regarding international affairs. Ranked highly at every competition	Saint Andrew's Episcopal School
2012-2013	Congress Competed in mock Congressional debate	Saint Andrew's Episcopal School
2012-2013	Degree of Distinction Awarded due to consistently ranking highly in competition. Ranks above Degree of Merit, Degree of Honor, and Degree of Excellence	Saint Andrew's Episcopal School

volunteering

2015-Now	TeamUp! Challenge Plan and teach a science curriculum about the history of the earth and biodiversity for local elementary schools through the San Antonio Spurs' "Silver and Black Give Back" program	San Antonio, Texas
2014-Now	HACKERS, Inc. Teach LEGO Mindstorms robotics at a nonprofit camp for elementary and middle schoolers	San Antonio, Texas
2015	Northside Tech Expo Present our FIRST Robotics Competition robot to Northside ISD students and parents to let them see what STEM programs are available to them	San Antonio, Texas
2014	Austin Mini Maker Faire Showed our FIRST Tech Challenge robots to the public to get them interested about robotics	Austin, Texas
2013	National Museum of Nuclear Science Hosted "Dynamics of Flight" exhibit <ul style="list-style-type: none">• Ran the flight simulators• Taught visitors about the history and science of everything nuclear• Explained to children the way different planes work	Albuquerque, New Mexico
2013	Albuquerque Presbyterian Hospital Volunteered at childlife and children's cancer centers, which sought to minimize stress and help children and their families cope with their healthcare experience	Albuquerque, New Mexico
