robotics

2014–2016 FIRST Robotics Competition

Brandeis High Schoo

Build 120 lbs robots to compete against more than 3,000 teams from 19 countries. My team, 3481 BroncBotz, is 1 of 91 BETA teams chosen for robust design, programming skills, and performance on the field. Won awards including Motorola Quality Award (x3), GM Industrial Design Award, and Delphi Excellence in Engineering Award

- Team Captain
 - Selected due to skills, teamwork, and robotics knowledge
 - Ensure team performs well and does the best the team can
 - Teach newer teammates
- Head of Programming
 - Use Eclipse to program the robot using a C++/Lua hybrid
 - Test and report back to FIRST, WPI, and National Instruments regarding BETA software which includes
 - * Open-sourcing all code
 - * Ensuring all code is well commented
 - Teach younger teammates how to
 - * Program in C++ using Eclipse IDE
 - * Understand what the various toolchains and libraries are
 - * Flash the roboRIO
 - Run system checks to ensure robot communicates with computer and controllers prior to a match
 - Create vision systems for the robot drivers
- · Head of Scouting
 - Created an offline website for teammates to use for gathering statistics on other teams
 - Organize the data using spreadsheets, TableAU, and in house built programs
 - Create a "pick list" of robots to alliance with, based off quantitative and qualitative data, as well as the robots' compatibility with our own
- Team Lead in Design
 - Facilitate the design process to take all aspects of the competition tasks into consideration for the design
 - Manage the SVN repository containing the SolidWorks CAD files
- Team Lead in Build
 - Teach newer teammates to use power tools safely
 - Oversee that parts are fabricated according to the design

2013–2016 FIRST Tech Challenge

TMI - The Episcopal School of Texas

Build robots to compete against over 5,000 other teams from various countries. My team, 6221 Panther Bots Alpha, has ranked in the top 3% of teams worldwide, earning us a spot in the world championship

- Team Captain
 - Manage and organize the team's meetings and events
 - Act as a liaison between the school and the team
- · Head of Programming
 - Use Java in Android Studio to program the robots
 - Teach the newer teammates how Android Studio and the ZTE Speed control system works
- Team Accomplishments
 - Featured on the FIRST Facebook page
 - Appeared on CBS
 - Recognized at city council and awarded certificate of congratulations by mayor
 - Invited to display at Austin Mini Maker Faire

awards

2015	AP Scholar Received due to high achievement on multiple AP tests	TMI - The Episcopal School of Texas
2015	National Merit National Merit Commended Student	TMI - The Episcopal School of Texas
2013–2014	National Spanish Exam Earned 2 Silver awards for Spanish proficiency	TMI - The Episcopal School of Texas
2013	Erasmus Award Awarded to the student that is most driven and most excited a	Saint Andrew's Episcopal School bout learning

volunteering

2015–2016	TeamUp! Challenge Plan and teach a science curriculum about the history of the earth elementary schools through the San Antonio Spurs' "Silver and Black a			
2014–2016	HACKERS, Inc. Teach LEGO Mindstorms robotics at a nonprofit camp for elementary	San Antonio, Texas ry and middle schoolers		
2015	Northside Tech Expo Present our FIRST Robotics Competition robot to Northside ISD students and parents to let them see what STEM programs are available to them			
2014	Austin Mini Maker FaireAustin, TexasShowed our FIRST Tech Challenge robots to the public to get them interested about robotics			
2013	National Museum of Nuclear Science Hosted "Dynamics of Flight" exhibit Ran the flight simulators Taught visitors about the history and science of everything nuese Explained to children the way different planes work	Albuquerque, New Mexico		
2013	Albuquerque Presbyterian Hospital Volunteered at childlife and children's cancer centers, which sough help children and their families cope with their healthcare experience.			
2013	New Mexico Food Bank Distributed food and other items to various charities	Albuquerque, New Mexico		
2012	Operation Soccerstring Taught 1 st and 2 nd graders soccer and arts and crafts	Jackson, Mississippi		
2012	Our Daily Bread Packaged food for families in need	Jackson, Mississippi		
2012	Operation Shoestring Organized school for poverty-stricken children	Jackson, Mississippi		

speech and debate

2012-2013 **Policy (CX) Debate**

Saint Andrew's Episcopal School

An extremely fast paced, evidence-based debate to analyze potential federal government plans

- Qualified and competed at NCFL Nationals
- Competed at colleges, including Harvard and Mississippi State
- Won 2nd in state

2012–2013 International Extemporaneous

Saint Andrew's Episcopal Schoo

Prepared and delivered 7 minute speeches regarding international affairs. Ranked highly at every competition

2012-2013 Congress

Saint Andrew's Episcopal School

Competed in mock Congressional debate

2012–2013 Degree of Distinction

Saint Andrew's Episcopal School

Awarded due to consistently ranking highly in competition. Ranks above Degree of Merit, Degree of Honor, and Degree of Excellence

experience

2012-Now Ingress (Niantic, Inc.)

Regional Moderator

Ingress is a game made by Google where the entire world is the playing field shared by 2 teams. Thus, coordination on a global scale must occur

- Created and manage the South Texas roster website
 - satxresist.com
- Improved the usability of Google's web app by JavaScript bookmarklets for thousands
 of users
 - Including a mobile version that receives 33k visits a year
- Manage cross-team affairs to ensure safe play for all
- Oversee operations that span multiple continents
- Directly communicate with hundreds of others to facilitate operations

2011-Now Socialcu.be

Developer, Administrator, and Moderator

Developed a social networking platform that is home to over 2,000 users

2016 TMI Paths of Life

TMI - The Episcopal School of Texas

Created a 50 page whitepaper for students at my school to find the best colleges and jobs for their futures

2015 Parlevel Systems

San Antonio, Texas

Summer Intern

- Worked on the development of analytical software for vending machine operators in North America
- Developed the company's foray into micromarkets
 - Generates roughly \$50/day per location
 - In use at Rackspace/Geekdom
- Created web tools to allow the company itself to run more efficiently

2014 Tots N Teens Pediatric Urgent Care

San Antonio, Texas

Logo Creator and Website Manager

Created the logo for a local urgent care clinic

2014 **Umer936**

San Antonio, Texas

Website Builder

Built professional websites for businesses and clients by employing web development skills

skills and interests

professional: coding, programming, creating, web design, web app creation, software design, building, wiring, computer software, tech

personal: puzzles, math, listening to others (7cupsoftea.com), typography, computer hardware, reading (science and mystery books)

languages: conversant in Urdu, Spanish semi-fluency, can read Arabic and Greek
